Journal of Computer Assisted Learning (1987) **3**, 257–260

Author index

Adewumi, A.O. (see Casey, C.), 13
Black, T.R. CAL delivery selection criteria and authoring systems, 204
Burdett, F.J. Local Education Authority policies for computers in education, 30
Burdett, F.J. Erratum, 98
Casey, C., Adewumi, A.O., Hart, A. & O'Hare, G. Experience in introducing sixth formers to concepts of artificial intelligence, 13
Colbourn, C.J. & Light, P.H. Social interaction and learning using *micro-PROLOG*, 130
Cookson, J. (see Thompson, D.G.), 240
d'Agapeyeff, A. The sharing and computer exercising of human Know-How, 141
Esterson, D. Guest Editorial, 129
Fletcher, B. (C.) (see Mohamedali, M.H.), 224
Geyer, T. Probing a student teacher's cognitive structure of software, 89
Goodyear, P. Sources of difficulty in assessing the cognitive effects of learning to program, 214
Green, D.R. Encouraging probabilistic thinking, 156
Hart, A. (see Casey, C.), 13
Holman, J. (see Thompson, D.G.), 240
Hoyles, C. & Sutherland, R. Ways of learning in a computer-based environment: some findings of the *LOGO* Maths Project, 67
Jolly, B. (see Thompson, D.G.), 240
Johnston, V.M. The evaluation of microcomputer programs: an area of debate, 40
Keech, T. (see Thompson, D.G.), 240
Lal, S. Two cheers for *DMS*, 176
Light, P.H. (see Colbourn, C.J.), 130
Macdonald, M.M. (see Thompson, D.G.), 240
Martin, A. & Smyth, I. On the road to Jerusalem: a computer assisted simulation game for religious education, 23
Messer, D.J. (see Mohamedali, M.H.), 224
Mohamedali, M.H., Messer, D.J. & Fletcher, B. (C.) Factors affecting microcomputer use and programming ability of secondary school children, 224
Nicholson, R.I. A short-term plan for CAL, 81
Noss, R. How do children do mathematics with *LOGO*?, 2
O'Hare, G. (see Casey, C.), 13
Ross, P. Intelligent tutoring systems, 194
Smyth, I. (see Martin, A.), 23
Smyth, T. Response evaluation in computer based tutorials, 99
Sutherland, R. (see Hoyles, C.), 67
Thompson, D.G., Jolly, B., Macdonald, M.M., Cookson, J., Holman, J. & Keech, T. Students' approaches and attitudes to solving computer presented problems, 240
Wong, D. Teaching A level physics through microcomputer dynamic modelling: I, 105
Wong, D. Teaching A level physics through microcomputer dynamic modelling: II, 164
Wong, D. Two cheers for *DMS*—a reply, 250

Title	Microcomputer	Page no.
A Level Statistics	BBC	51
Beta-accounts	BBC	54
Image	BBC	118
Sand Harvest	BBC	117
Softlab: Shell Software Guides to Laboratory Work	BBC	119
STATSPAK	BBC	53
Teaching With a Micro: Maths 3 and Maths 4	BBC/RML	52

Index of book reviews

Title	Author	Page no.
A Day at the Seaside	Softlee Systems	57
Advances in Cognitive Science 1	Sharkey, N.E.	186
Artificial Intelligence	Winston, P.H.	186
Artificial Intelligence for Society	Gill, K.S.	188
Artificial Intelligence—Principles and Applications	Yazdani, M.	186
A Simple Introduction to Numerical Analysis	Harding, R.D. & Quinney, D.A.	254
Children, Computers and the Curriculum	Wellington, J.J.	123
Children in an Information Age	Sendov, B. & Stanchev, I.	59
Cognition and Computers—Studies in Learning	Lawler, R.W. *et al.*	120
Computers and Modern Language Studies	Cameron, K.C., Dodd, W.S. & Rahtz, S.P.Q.	124
Computer Appreciation	Dingle, B.	122
Computer Users' Data Book	Walsh, B.C. *et al.*	185
Developing CAL: Computers in the Curriculum	Watson, D.	253
Evaluating Educational Software	Blease, D.	58
French Listening Comprehension No. 1	Softlee Systems	57
Fifth Generation Computers	Bishop, P.	60
Information Technology and Education: the Changing School	Ennals, R., Gwyn, R. & Zdravchev, L.	187
Introduction to Probability	Robinson, D.R. & Bowman, A.W.	254
Never Mind the Technology. . . Think of the Information	Wace, G.	121

New Developments in Computer Assisted Language Learning	Hainline, D.	252
Programming in *microProlog* Made Simple	Hepburn, P.H.	122
Teachers, Computers and the Classroom	Reid, I. & Rushton, J.	56
Young Programmer's Guides: BBC Micro	Wardle, M. & Mills, J.	55
